VOTE *Yes!* ON **1**
(COUNTY REFERENDUM NO. 1)

MOLLY CURRY AGREES:

COUNTY REFERENDUM 1 IS THE BEST SOLUTION FOR OUR CITY'S FUTURE

Friend,

I'm proud to call Jacksonville my home. My husband, Mayor Lenny Curry, and I are raising our 3 children here because Jacksonville is a great place for family, and it's important that it continues to be in the future.

When Lenny decided to run for Mayor, it was because we wanted to make Jacksonville even better and ensure it was a place our children would want to stay when they are grown. But one of the biggest obstacles to moving Jacksonville forward is the crippling unfunded pension debt that is eating away at our city budget and preventing investment in public safety and quality of life improvements for our families.

I believe that County Referendum No. 1 is a responsible solution to our pension crisis that works for our kids, our neighborhoods, and all our citizens. As a mother, I know how important it is to provide the best for our children. And as a former CPA, I've seen how seemingly small decisions can make all the difference between success and failure. That's why I support County Referendum No. 1 — because I want the best for our children and our city.

By voting yes on County Referendum No. 1, we will allow our city to begin reaching its full potential and we will solve this serious challenge of our time without passing this burden down to our kids. By simply extending the sales tax we pay right now — not increasing our taxes— we can ease this burden that's holding our city back.

I support County Referendum No. 1 because I know voting yes is the best decision for the future of my children and the city I love to call home.

Sincerely,

Molly Curry

P.S. — Please vote Yes on County Referendum No. 1 – it's the best solution for our kids and for our citizens.
