

Your Honor

With all due respect, I'm a little concerned about a statement made by Juror #13 when we began deliberation. He said "A Higher Being told me Corrine Brown was Not Guilty on all charges". He later went on to say he "trusted the Holy Ghost". We all asked that he base his verdict on the evidence provided, the testimony of the witnesses and the laws of the United States court. Other members of the Jury share my concern.

Thank You,

Juror #8
